AT STATE CAPITOL

ASSUMING SHAPE FOR OPENING OF LEGISLATURE—FIGHT FOR HONORS

With the session of the legislature about at hand, things about the capitol are taking ship shape. The seats have been assigned and many prospective lawmakers have already visited the lawmaking chambers to see how they fell 'n one of the big swivel chairs. In the meantime a goodly share of proposed new laws are being framed and nearly every state office is drafting some sort of a bill or another which will be submitted.

While all the pre-session formalities are going on, the fight for organization honors is continuing merrily onward. It was stated on pretty good authority in some of the papers that Assemblyman James J. Ryan of San Francisco would be made the speaker pro tem. of the assembly. Now comes the tip that the second high place is going to drop to Frank M. Smith of Oakland. This puts Alameda county in the presiding position over the house, as C. O. Young of Berkeley will be elected speaker without opposition. If there is any opposition it will not be noticeable.

There is also a campaign going on for sergeant-at-arms of the house with H. B. Miller, the incumbent during the previous session, running against James Duffee of Sacramento. Duffee seems to have developed a lot of support and may walk off with his job.

The president pro tem. of the senate is still an open fight between Breed and Tyrrell and the latest reports are that it may not be settled in the Republican caucus which would send it out to the floor of the senate and thereby give the Democrats a chance to have a hand in the matter. Breed is regarded as the strongest because some of the Kehoe, Benson and Jones support may be thrown his way if it looks like the fight is going beyond the caucus stage.

Sacramento is making more or less talk about the many state offices that are slipping away from San Francisco. The state voted \$3,000,000 bond for additional capital buildings on property donated by the city, but the city is still in law suits over the valuations of the property, while San Francisco has already turned over its land in the civic center for the \$1,000,000 state branch capitol which will be erected before the Sacramento buildings will be started. Looks like the Bay City has stolen a march on the Capital City.

GOLDEN WEDDING

Mr. and Mrs. Samuel A. Ayres of 419 North Central avenue, Tropic, celebrated their golden wedding anniversary on Wednesday when their home was the mecca during the afternoon and evening of their many friends, neighbors and relatives, who came to pay their respects and extend their good wishes to this popular couple who had so happily reached this milestone in their journey through life together. The house was artistically decorated throughout for the occasion with plumosis, smilax and carnations. Mrs. Ayres was assisted in receiving by her daughter, Mrs. Chas. E. Mosher. Mrs. Edgar S. Ayres, Miss Alice Dewey of Pasadena who is an old family friend, Mrs. David H. Imbler and Miss Cora Hickman. Four generations were represented among the relatives who came to honor the event, their son, Edgar Stewart Ayres and his family of Tropic; their son, Nelson Ayres and wife of Los Angeles; their daughter, Mrs. Charles E. Mosher and sons, Merton and Robert, of Tropic; their grandson, Marion Banker and wife and children, Marjory and Dorothy Banker. Mr. and Mrs. Banker came from Pago Pago, Samoan Islands, where they have been living the past two years, Mr. Banker being chief pharmacist mate of the U. S. navy, to be present on this occasion.

In the evening the wedding ceremony was performed by the Rev. O. T. Rider of the First Presbyterian church of Tropic, of which both are members. Mr. and Mrs. Ayres came down the winding stairs which were garlanded with fern, smilax and carnations, to the strains of Lohengrin's wedding march and stood under a beautiful bower of mistletoe while the nuptial knot was being tied by Rev. Rider, who eloquently voiced sentiments suitable to the occasion at the conclusion of the ceremony. The bride made a very sweet, pretty picture in gray silk with orange blossoms caught in her white hair and the groom wore the conventional

HIGH SCHOOL NOTES

HIGH SCHOOL WEEKLY WILL PROVE INTERESTING TO NEWS READERS

News readers who have seen a live school newspaper will look forward to the coming of Thursday, January 4. This is the date set for the first issue of Glendale high school's new weekly. Arrangements have been made to publish this new paper each week in the Evening News.

The high school age is the age of vim and enthusiasm. Youth has accomplished many things that wisdom could not do. The young men and women of Glendale high are no exception. They are planning a journal that will lack none of the spice of boyhood.

This paper has been brewing for a long time. The announcement that the many plans for a school news sheet had taken head was made the last week before vacation, and met with vigorous applause from the student body. Every class, team and organization is represented on the staff.

A funny story, a sport page containing athletic news and interviews, a calendar of events, a faculty article, and many other features are planned for the paper, the main purpose of which is to foster school spirit for the support of the varsity teams. The best that the school affords in pep will be represented. Humor will be the key-note if present plans work out.

All this will be at the disposal of the readers of the Glendale Evening News. The management has arranged to print the new "School Spirit Weekly," as the students call it, each Thursday as a feature of the evening paper. A glance at the new sheet will take the old folks back to their high school days.

O'HARA OF ILLINOIS

Barret O'Hara, former lieutenant governor of Illinois, is at present visiting in Los Angeles. He is a man with a mission. As president of the Society for the Preservation of the Home, this widely-known lawyer is doing all he can to encourage the creation of a state athletic commission. In an interview he declared yesterday "that the idea in advocating such a body is that a commission of the kind would guarantee encouragement for all forms of amateur sport, particularly outdoor recreations. There is no town so small, no school district so remote, but that it should have its amateur baseball team, its crack swimmers, its public playgrounds and its field days. Clean sport will go a long way toward keeping a boy's mind clean. The same applies to girls. Both will soon drop all questionable pastimes, and, besides a better moral atmosphere created, the children will benefit physically. This, of course, will make for the preservation of the home."

I wonder what the Illinois state official would think of the opportunities offered by Glendale to its young people in the way of suitable outdoor recreation facilities. An invitation it is to be hoped will soon be offered Mr. O'Hara to inspect conditions in Glendale. The elegant hand ball alley on Broadway near Brand will doubtless win his admiration. And when he sees our baseball grounds, our swimming pool, our public tennis courts, our fine gymnasium thrown open to the young men of the city, Mr. O'Hara will surely feel that in Glendale has been realized his dream of public recreation for young and old.

NANNO WOODS.

black with a boutonniere of orange blossoms.

An orchestra which rendered many beautiful selections throughout the afternoon and evening under the leadership of Mrs. Edgar Stewart Ayres, who is a talented violinist, was composed of Mrs. Erasmus Bennett Jr., piano; Edgar F. Ayres, cornet; Mrs. Ella Doyle Wilson of Los Angeles, clarinet, and Morris Caruthers, cello. Erasmus Bennett Jr. also sang several beautiful tenor solos.

Punch was served from a wonderfully wrought cava bowl, carved by the natives of the Samoan islands in the native cups made from highly polished coconut shells, which Mr. Banker had brought with him. Mr. Banker brought many other beautiful and valuable curios which were given a good deal of admiring attention by the guests to the Ayres home during the day. M. O. Ayres, a banker of Dakota City, Neb., who spends his winter in California, arrived in time to share in the celebration, surprising his brother, S. A. Ayres, during the evening's festivities.

FUNERAL OF SISTERS

ZELMA AND EMMA LEE BURTON LAID TO REST IN SAME CASKET

The funeral of Zelma and Emma Lee Burton was held Wednesday at 2 o'clock from the Pulliam Undertaking Parlors, the remains being taken to the Presbyterian church, where services were held. Rev. W. E. Edmonds officiated, assisted by Rev. C. B. Hatch, formerly pastor at Tropic, whose daughter was a very warm friend of the Burton girls. A girls' choir, composed of the friends of the two girls whose fair young lives had such a sad and tragic ending, feelingly and beautifully sang "Nearer My God to Thee" and "Some Day We'll Understand," the latter at the request of Mrs. Burton, the mother of the girls. The girls' choir included Jeanette McLennan, Evangelina Hunchberger, Ernestine Lyons, Esther Schremp, Hazel Flower, Dorothy Hunt, Mona Butler, Mary Hunt, Katherine Renshaw, Carol Foss, Margaret Boucher, Gwendolin Clafin, Waunita Emery, with Miss Marion Carmichael as accompanist.

The pall bearers were also chosen from among the young friends of the girls and were Messrs. Ralph Tipton, Howard Stickney, Jamie Shea, Ralph Paine, J. T. Beach, Burna Martin, William Renshaw and Tom Phillips. The girls were placed in one double casket, with their arms interlocked, together in death as they had always been in life. One of the touching and beautiful parts of their young lives was their affection and fidelity for one another. They had always been inseparable pals, sharing their friendships, their interests and their good times.

The mother and father, Mr. and Mrs. J. W. M. Burton, were both seriously injured in the same accident that ended the lives of the girls and so were unable to be present at these last sad rites. Mrs. Burton suffered a fracture of the pelvic bone and still lies in a serious condition, and Mr. Burton was badly bruised about the body and suffered a scalp wound which it is believed will not prove serious, the only danger being from concussion of the brain. Mr. Burton's brother, O. A. Burton of Woodford, Cal., and his family came to Glendale to attend the funeral, and E. B. Wilson, Mr. Burton's nephew, and his wife, of Los Angeles, and Mrs. Burton's brother, Robert A. Walton of the Holmes, Walton Company of Los Angeles, were also present at the services. The remains were lovingly laid to rest in Forest Lawn cemetery beneath a profusion of beautiful floral offerings.

Zelma Burton was born in Chicago, Ill., on October 27, 1895, and Emma Lee was born in Milwaukee, Wis., on July 10, 1898. The Burton family were formerly from North Carolina, but resided at Kalamazoo, Mich., previous to coming to Glendale on April 12, 1913. Both the girls attended the Glendale high school, Zelma graduating last June and Emma Lee would have been a senior in February. Both were members of the Glendale Presbyterian church and of the Christian Endeavor Society, and in their church, school and social lives represented an ideal girlhood and were loved and held in fond esteem generally by all their associates. The premature ending of their lives just on the threshold of a noble womanhood has cast a gloom over many households in Glendale and many friends will mourn their loss.

GLENDALE'S PALMER AVENUE

Is there a Palmer avenue in the city of Glendale? If so, where is it and who are the residents on that avenue? The new city directory must have a correct listing of all streets and avenues in Glendale.

NEW PASTOR HERE

ELDER COLE FROM ST. LOUIS, NEW PASTOR OF CHRISTIAN CHURCH

Prayer meeting at the Christian church last night was well attended and a pleasant surprise awaited the faithful ones. They had the great pleasure of meeting their new pastor, Elder Clifford A. Cole, who gave a brief talk in which he told of the difficult journey from bleak St. Louis to the land of sunshine, which they found to be rather one of cold rains and freezing weather. But they were not dismayed, knowing that soon the long days of sunshine would be here. They left St. Louis Tuesday night of last week over the Missouri Pacific for Kansas City, where they took the Golden State Limited for Los Angeles, coming via El Paso. They ran into a Kansas blizzard so cold that steam and water pipes froze and all on board the train suffered severely. Heavy snows so delayed the train that it was nearly half a day late in reaching Los Angeles. Both the children were sick and the parents fairly worn out. But all are better now and as soon as the furniture arrives the family will settle down in beautiful Glendale. Elder Cole will be with the Sunday school next Sunday morning when the delayed Christmas exercises will be given. He will also be present Sunday night when the annual meeting of the church is held to renew fellowship with those who have been absent, greet new friends, hear reports of the various departments, elect officers and then watch the old year out. Elder Cole is a man of very pleasing personality and will be a great addition to the excellent preaching force of our city.

FAMILY GATHERING

At the home of Mr. and Mrs. H. W. Wood at 1641 West Seventh street on Christmas day were gathered Mr. and Mrs. A. M. Wood of Pasadena, uncle and aunt of Mr. Wood, Miss Grace and W. H. Wood, also of Pasadena, and Mr. and Mrs. P. E. Dingman, Ralph and Helen, of Azusa.

A splendid dinner was enjoyed by all and also the fine day that seemed to have been fixed up just right for such an occasion. Many comparisons were made between the beautiful California day and the ones all were accustomed to back in Illinois, Iowa and Texas, where all had formerly resided.

W. C. T. U. ANNIVERSARY

The twelfth anniversary of the Glendale City Union will be observed at the home of Mr. and Mrs. C. E. Hutton, 900 West Colorado street, Friday afternoon, January 5. DEATH OF MRS. RUSSELL

Mrs. Magdaline Russell, aged seventy years, passed away at her late home, 1433 West Broadway, December 26, at 9 p. m. She leaves to mourn her a granddaughter, Mrs. Sanders, of Los Angeles. She has been an invalid for a number of years and had quite a circle of friends in Glendale. Services will be held from the parlors of the Jewel City Undertaking Company on Friday at 2:30 p. m. Interment at Forest Lawn cemetery.

POSTPONED CHRISTMAS PROGRAM

The Christmas exercises of the Christian Sunday school and "White Gifts for the King," postponed from last Sunday on account of the rain storm, will be given next Sunday morning. The annual New Year's eve meeting of the church will occupy the evening hours and on Monday night, January 1, the beautiful cantata arranged by Mrs. John Cole will be given. This was to have been given last Sunday night.

DEATH OF MRS. RAMGREN

Mrs. Sophie Ramgren passed away at the residence of her daughter, Mrs. S. Nelson, on Washington street, Lankershim, December 26, of bronchial pneumonia. She was aged eighty-three years and was a native of Sweden. Funeral services will be held from the chapel of Scovern-Letton-Frey Company, December 28, at 10 a. m. Interment at Forest Lawn cemetery.

GLENDALE, CALIFORNIA, THURSDAY, DECEMBER 28, 1916

GIVE CREDIT WHEN DUE

The past week some very important items have appeared in the daily papers. The Southern Pacific and Santa Fe each granted 10 per cent. of yearly salary as a bonus to employees not in the four brotherhoods. The Standard Oil granted an increase of 5 per cent. to employees receiving less than \$250 a month and established a minimum daily wage for unskilled labor at \$3. The Bell Telephone Company distributed \$6,000,000 among its employees. In addition to the foregoing, many other large concerns have made similar and even larger increase where business justified it. None of these items has been given more than mere mention in the metropolitan dailies, whereas whenever the I. W. W.'s or rabid labor agitators have threatened to tie up an industry or call a big strike, scare headlines and columns of space are devoted to the incident. In other words, an affirmative, constructive act benefiting thousands is barely noticed, while a destructive act, putting men out of work and disturbing industry, is played up as an important event. This policy of magnifying injuries and often imaginary wrongs and ignoring meritorious acts stirs up class hatred.

Condemn when necessary but give credit when due.

FEW DAYS OF COOL WEATHER

The few days of cool weather being experienced at present tend to discourage a few of the people formerly from the East and Middle West. Those people forget to recall that in the territory of their old home a terrific snow storm is raging and the mercury is down to zero or below.

The writer had too much experience shoveling snow in Northern Illinois to become discouraged with a few chilly days in Southern California. This California weather we who are from the East have been enjoying for the past week is on a par with October and the first part of November weather in Illinois. The trouble with so many people in California is they do not make proper provisions for the winter season in the way of arranging for sufficient heat and clothing. Many houses in California are not constructed to keep out the chilly winds, and then, too, there is no provision made for properly heating many houses. If people will only be sensible about these things all will be satisfactory for them.

EXPENSE OF STATE GOVERNMENT

During the past year or two, there has been much discussion as to the per capita cost of state government in California as compared to other states. Many statements have been made with no authority whatever, and based upon such various methods of computation as suited the fancy of the writer.

State Controller John S. Chambers in his forthcoming biennial report will state the correct per capita as follows: for 1911-12, \$3.75; for 1912-13, \$4.80; for 1913-14, \$5.50; for 1914-15, \$6.00, or an average for the five-year period of \$5.12.

For 1915-16 the total disbursements were \$16,647,552.50, or approximately \$5.50 per capita. Of this sum nearly \$4,000,000 went for education, about \$5,000,000 for benevolent and penal institutions, and about \$1,000,000 for administrative expense, and about \$1,500,000 each for the regulative, bond interest and motor vehicle funds, while the balance was expended for legislative, judiciary and other minor activities.

HOW DO THEY OPERATE?

"Railroad legislation" is always a live topic and railroads are an absolute necessity to the rapid industrial development of the West. From this standpoint the following paragraphs are worth reading to gain an idea of why the railroads are unable at this time to adequately serve the public; why less new railroad is being built than for the last fifty years; why Congress finally decided to investigate the whole subject of railroad regulation with a view to improving existing conditions and why it seems necessary to put an end to dual regulation by the states and federal government and place regulation of the railroads exclusively in the hands of the federal government.

Fifteen states, by prescribing a minimum movement for freight cars, or by imposing heavy penalties for delays, attempt to favor their own traffic. Twenty states regulate hours of railway service, the variations running from 10 to 16 hours a day. Twenty-eight states specify headlight requirements without an approach to uniformity. Fourteen states have dissimilar safety-appliance acts.

In 41 states in 1909, 664 new laws affecting railroads were enacted. In 40 states in 1911, new railroad laws totalled 276. Between 1912 and 1915, upward of 4,000 bills affecting railroads were introduced into Congress and our several state legislatures, of which 440 have become laws.

Twenty states have passed "stuffed-crew" laws. Twenty-one states, however, refused to enact such a law. Nine attempts in 6 years have been made to secure federal approval of such a law, but, on a referendum to the voters of the state, the law was rejected by a vote of 324,085 to 159,593. "Stuffed-crew" bills were vetoed by Governor Foss of Massachusetts, Governor Cruce of Oklahoma, Governors Hughes and Dix of New York and Governor Harmon of Ohio.

In the fiscal year 1914, 166 railroads, operating 204,610 miles, reported an expense of \$4,051,133 for compliance with "stuffed-crew" legislation. This amount equals a return of 1 per cent. on \$80,000,000 of capital. These companies reported a total expense of \$28,709,983 in consequence of legislation regulating operation, equivalent to decreasing their basis of credit \$570,000,000.

Railroad statutes in force in New York, to end of 1906, make up an octavo volume of 782 pages and in Pennsylvania, to end of 1907, more than 700 octavo pages. One state requires cuspids in passenger cars. An adjacent state prohibits this practice. This state is traversed by carriers passing through the "cuspidor" state! One state requires screens in the windows of passenger cars, and these cars traverse a neighboring state where screens are forbidden.

Facts and Comment

The state printery has turned out several thousand booklets for the state board of health entitled "Save the Babies." Copies will be mailed out by the board upon application.

Plans are being prepared for a freight depot to be built at Pomona for the Pacific Electric Company. The building will be about 25x60 feet; it will have a concrete foundation, hollow tile walls, plastered exterior, wood roof with composition roofing.

The Santa Fe railroad will sever connection with the Wells Fargo Express Company Sunday, it has been stated from authoritative sources. The Santa Fe will establish an express company of its own. It is said the enterprise will add \$6,000,000 to the company's annual income.

Construction work began on a mammoth car plant to be erected in Torrance by the Pacific Electric Company on Saturday. The plant when completed will cost \$500,000. Fourteen buildings will be put up on the 125-acre tract and provision made for further construction if more buildings are needed.

The project for a Southern California coast highway from Santa Barbara to San Diego in direct connection with San Francisco was endorsed at a meeting of representatives of the supervisors of Ventura, Los Angeles and Orange counties, the Auto Club and a number of civic and commercial bodies, in Los Angeles last week. A resolution was introduced that the state highway commission be requested to use portions of the recent \$15,000,000 state highway bond issue for the coast road, in the event that the legislature fails to appropriate for it.

A. F. Barnes, dean of engineering of the New Mexico College of Agriculture and Mechanic Arts, State College, N. M., has been endeavoring to organize a Southwestern Engineering Society, the object of which will be to promote the science of engineering in the southwest. The principal means for this purpose will be the holding of meetings for the reading and discussion of professional papers especially upon such questions as are peculiar to this region, and to give opportunity for social intercourse and thus establish a common interest in the welfare of the engineering profession.

WILL RACE HORSES AGAIN

(By United Press)
NEW YORK, Dec. 28.—Richard Croker, former Tammany leader and prominent race horse owner in the United States, will send his horses to the starters on American tracks again. He may take part in race meetings next summer, but probably will not have much of a string in the American meetings until the following year. Before Croker left a short time ago for Palm Beach, Fla., to spend the winter he declared he would like nothing better than to see his Yale blue and gold tassels again sweeping down the tracks in competition with American horses. He has several youngsters, sired by Orby, his Derby winner, that he believes would be able to show their heels to the best horses on this side of the Atlantic. Croker is a great admirer of the English system of breeding and the results it has produced. He does not believe American bred horses will begin to compare with the English horses until several years. Croker confided that he was reluctant to take part in the English meetings while the war is in progress. That is sufficient reason, he believes, to state that his horses again will be seen on tracks in the United States.

SUFFRAGETTES ON WARPATH

(By United Press)
LONDON, Dec. 28 (By Mail).—England's militant suffragettes are still on the warpath. But the battle of the militants has turned from smashing windows for votes to an energetic campaign against passive war makers and pacifists. "The suffragette armies are principally fighting for big battles," Miss Jessie Kenney, one of the leaders, explained today. "Most important is our campaign to force England's ministers to fight the war to a finish. We are fighting in South Wales where peace cranks abound; we are fighting on the Clyde, in Scotland, where pacifists are interfering with the workers, and lastly, we are sending our workers into munition factories to help toward victory by making shells. We are fighting Lord Haldane and Viscount Grey because we think they are mainly responsible for a pro-German atmosphere which still pervades the foreign office." Miss Kenney was recently arrested for calling Lord Haldane, former war minister, a "traitor" in public. The suffragettes blame Viscount Grey for Britain's failure to recognize the provisional government of Venizelos at Salonika.

The report of J. W. Reagan, flood control engineer of Los Angeles county, on his proposed solution of the flood water problem in the county, was filed with the board of supervisors last week. Mr. Reagan recommends construction work which, including purchase of rights-of-way and engineering, legal, clerical and incidental expense, is estimated to cost \$4,250,000. Mr. Reagan has been asked by the board of supervisors to file a supplementary report providing for other work not provided for in this report, including control of the flood waters in the Tujuanga canyons and along the Santa Clara river. This additional report will be awaited before the supervisors take action towards calling an election to vote a bond issue to provide funds for the work. The following is a digest of the principal construction features of the report: "The work to be done resolves itself into four parts: First, the construction of both large and small dams in the mountainous areas; second, the protection of the banks of the smaller streams, together with spreading and storing of the waters of these streams for beneficial use; third, the straightening and rectification through river training and bank protection of the major streams, and, fourth, protection to the harbors and shipping interests."

No streets in future subdivisions in the San Fernando annexed area shall be less than sixty feet in width, it has been decided by the city council of Los Angeles, and the board of supervisors have been requested to not approve any maps of subdivisions that do not provide streets of this width.

Indeed you are kind to pay your Evening News subscription for the coming year in advance. There are people who know that it takes money to publish a newspaper. God bless them!

Lyman Ashton of the Bosserman Hardware Store, in commenting on California's chilly weather, said he had just received a paper from his old town, La Porte, Ind., in which it stated that the snow at that place is two feet deep, mercury 13 degrees below zero and all trains belated on account of snow blockades. Now what fault have you to find with the few chilly days in California.

Dr. and Mrs. E. H. Willisford entertained at dinner on Christmas day at their home, 231 Orange street. The table and dining room were very prettily decorated in red and green, the table decorations being especially attractive and appropriate to the season. The centerpiece was a small Christmas tree, and a tiny Christmas tree marked each place at the table. The guests were Mrs. Sarah Gregg, Miss Audrey Hall and Harry Hall.

Mrs. Chas. H. Toll and four sons of 1635 Kenneth road enjoyed a delightful trip to Mt. Lowe Wednesday. They found the snow six inches deep at Alpine Tavern and the trees were covered. A large crowd was on the mountain enjoying the beauty of the scene and the sport provided by the snow.

KEEN INTEREST IN DIRECTORY

It is indeed encouraging to learn of the keen interest the citizens of Glendale, Tropic and Casa Verdugo are taking in suggesting corrections in the householders' list that is to be a part of the city directory that is being compiled for this community. The publisher welcomes corrections. Do not think that errors you notice will be reported by others, but be the good Samaritan and report the correction yourself. The third installment will be found on page 4. Call Sunset 132 or Home 2401.

Shallow men believe in luck, believe in circumstances. Strong men believe in cause and effect.—Emerson.

TUJUNGA

After an absence of a month Mrs. Dunning and daughter, Miss Jessie, of El Centro avenue, returned Thursday of last week in time to spend the holidays at home.

Mr. and Mrs. Meherd of the Cumberland apartments, Los Angeles, were the guests from Saturday till over Christmas of Miss Hannah L. McKee of San Ysidro road.

Mr. Ernest and Miss Lois Wieman were guests at the parental home for the week end. Mr. Ernest returned to Long Beach Christmas night. Miss Lois remaining over the holiday season.

Because of the storm last Sunday the usual Sunday services were omitted and for the same reason the Christmas pageant was postponed from Sunday evening till Tuesday evening.

Last week Mrs. Charles Dean, Miss Emma Kraff and Miss Julia Culver spent Monday in Los Angeles shopping and arranging for the procuring of books for the French class. It was found impossible to obtain the books in Los Angeles and the class will be without books till they can be shipped from the east, a matter of ten days or perhaps two weeks. The lesson on Tuesday was omitted owing to the inability of Mrs. Slavinsky to be present on account of a sprained ankle.

Miss Mary Lewis and Miss Emma Mehard of Highland Park were dinner guests at the home of Miss McKee on Christmas day.

Mr. William Trout went last week to Barstow to visit for some time with his daughter. Mrs. Trout accompanied him on the way as far as Los Angeles.

Dr. and Mrs. Kearney received word that Dr. John H. Francis, formerly superintendent of the Los Angeles schools, but now of the Columbus, Ohio, schools, lectured recently before the teachers at the college annex in their old home town of Delaware, Ohio.

Christmas eve was the coldest night of the season; the thermometer stood several degrees below freezing.

Miss Florence Gilmore and Dr. and Mrs. Kearney were the dinner guests of Rev. and Mrs. W. H. Wieman on Christmas day.

Mr. and Mrs. Charles Dean went last Wednesday to Chino to bring Mrs. Free, Mrs. Dean's mother, to the Glendale Sanitarium for treatment.

Mrs. Ensign Woodruff was on the sick list this week for several days.

At the Woman's Club Thursday of last week the most interesting feature of the program was the informational talk by Mrs. Shaner on the subject of "Handicapped Children." She spoke on the lines of mentally deficient children and the children who are rendered deficient by circumstances, sometimes by too much supervision of parents; for instance, children who are being constantly suppressed, and other instances where the child is being forced and not allowed to develop naturally. The foundation for improvement is obedience, which, of course, must presuppose the entire fitness of those in authority, for the work and duties involved in the supervision and training of children, and this includes the training of normal children as well as those who are handicapped. This is not only a very interesting and important subject but is one of large scope and might well be the topic of discussion for several meetings.

Mrs. Marston has returned from San Diego, where she had gone with her son and his wife to visit the exposition.

Mrs. Wright and children spent Christmas in La Crescenta, guests of her sister, Mrs. Teitswold.

Little Margaret Frost was on the sick list for several days prior to and on Christmas day, for which reason she was unable to be present at the Christmas exercises and her part on the program had to be omitted.

Little Lorraine Marston is spending a week visiting with her parents, Mr. and Mrs. Mott Marston, of Los Angeles.

Wednesday morning the dwellers of this valley were surprised on awakening to find the snow flying in a way quite familiar to those of our residents from the east and middle west. The sight caused delight to the youngsters who were soon out engaging in the sport of snow balling and face washing. Before evening, however, the snow was but a memory.

Christmas Program

Because of the storm Sunday the Christmas program of the Sunday school, which was to have taken place Christmas eve, was postponed till Tuesday evening. The program began with a most beautiful original Christmas story told by its author, Miss Mabel Hatch. This was followed by the Christmas pageant, "Bethlehem," enacted by the members of the Sunday school and federation. The following are the names of those taking part: Introduction Dr. Kearney

Three Wise Men Rev. W. H. Wieman, J. C. Lang and Dr. Buck Shepherds Don Wieman, Richard Frost and Henry Fehr Bethlehem Boys—Fabian Osborne, Chas. Lang, Howell Morgan, Wesley Buck. Bethlehem Girls—Helen Green, Edna Mae Van Batten, Muriel Osborne, Alice Green, Pearl Clark, Virginia Petrota.

Inn Keeper George C. Buck Pianist Miss Bertha Fehr The scenes were taken from the Bible stories of the "Three Wise Men" and the shepherds. The music consisted of Christmas anthems and carols sung by the boys and girls of Bethlehem and the wise men and shepherds and the quartette, Mr. Wieman, Mrs. Kearney, Mrs. Nough and Dr. Buck.

A solo from Mendelssohn's St. Paul, "For the Lord is Mindful of His Own," was sung by Dr. Buck, and Gounod's "Nazareth," sung by Mrs. Kearney.

For the success of the evening much credit is due to the indefatigable efforts of the efficient committee, Miss Stella Wieman and Miss Bertha Fehr. The thanks of the committee and Sunday school are extended to Messrs. Joe Forster, Frank Green and Frank Zeitler for their able assistance in the manipulation of the lights and curtains during the program.

Mr. W. G. Paul of North Stephen's way has as his guest this winter his mother and sister of Iowa.

Word comes from Mrs. Hubbard from far away South Dakota that they expect to soon return to California. The daughter, on account of whose illness they made the trip to their old home, is making rapid recovery.

Mr. and Mrs. W. B. Barkley of Greeley avenue had as their guests Christmas day, their daughter, Mrs. Earl Mauk, and her husband and their baby daughter of Los Angeles.

Miss Marie Van Batten of the Burbank hospital was a guest over Christmas of her family on Monte Vista boulevard.

Mr. and Mrs. J. E. Carr and Master Chas. Ashby Carr were with Moderator Ashby Sunday and Monday. They all enjoyed a turkey dinner Christmas day with Mrs. Zoe M. Culbert as a guest at their Greeley avenue home.

LA CRESCENTA

The last quarterly dance will be given at the Auditorium tonight (Saturday, December 30). These dances have added greatly to the social life of the valley and it is hoped that all members will rejoice this evening. Membership cards for the next quarter may be obtained at the dance.

Messrs. Gus and John Hawkins were visitors at the home of Mr. Joe Hawkins the past week. They are orange growers at Lindsay, Cal.

LA CANADA

The Christmas program was held at the church Tuesday evening instead of Saturday evening because of the rain. The evening was a great success. The tree was beautiful with its many ornaments and electric lights. Presents were given to all the children and sleds of candy were distributed to all. The manger was filled with presents for the Orphans' Home, a sack of flour and a sack of potatoes included. A very enjoyable evening was spent.

The Ladies' Aid will hold their regular monthly meeting Wednesday afternoon, January 3, at 2:30 in the social room of the church. Let all

the ladies come and participate in this meeting.

Mr. and Mrs. R. S. Lea and family were entertained at the home of Mr. and Mrs. Brown of Los Angeles on Christmas day. A very pleasant day was spent.

Snow was the exciting feature last Tuesday morning. This is the second consecutive year it has snowed in La Canada for twenty years. The hills and trees made a beautiful scene. Many children enjoyed snow-balling and tramping in the snow.

Mr. and Mrs. McMullin entertained Mrs. Franklin and Mr. and Mrs. Albert Van Degrift and two sons at dinner on Christmas day. Everything was in keeping with the day.

Mr. and Mrs. Slutman and family spent Christmas day at Redondo visiting relatives.

Miss Clara Armstrong entertained a party of young people from G. U. H. S. at her home last Thursday evening.

Mr. and Mrs. Charles Olsen entertained friends from Redondo on Christmas day.

The school will open again on January 2 after a couple of weeks' vacation. But cheer up, children, do not dread coming back to that old school again, because you soon will be ascending the steps into that new building of knowledge.

Church Notices

Sunday school 10 a. m.
Church 11 a. m.
Christian Endeavor 6 p. m.
Church 7 p. m.

Everyone come. There is an excellent choir of young people in the morning and a quartette of older people accompanied by Mr. Metcalf on the violin and Mrs. Scott on the piano. The music cannot be surpassed.

Mr. and Mrs. Waterman are both confined to their beds with sickness. Mrs. Ouitzon of Los Angeles is attending to them. Dr. Flint of Glendale is their physician.

Mr. Clark of Palm drive has returned from the Thornycroft hospital in Glendale after spending a week there. He is greatly improved.

The 1917 legislature will be asked to declare war on the yellow star thistle, Johnson grass and mustard. Thousands of acres in California are over-run with these weed pests, making cultivation next to impossible. Superintendent D. J. Murphy of the Phelan ranch of 8000 acres advises the state horticultural commissioner that it would require an expenditure of \$32,000 a year to clear the ranch. The legislature will be asked to give the horticultural commissioner power to establish such control measures as he may deem necessary.

The Jesse L. Lasky Feature Play Company, Vine and Selma streets, Hollywood, has had plans prepared for storage buildings and sheds which it will build at 1527 Argyle avenue, costing \$10,500.
